THONET

FABRICS

We procure our high-quality furniture fabrics from renowned manufacturers. All collection fabrics are suitable for contract furniture and have an abrasion value (according to Martindale) no lower than 25,000. The fabric groups vary in material and price.

The fabrics shown are only a selection of colours from the collection. The printed colours approximate the colours of the materials and fabrics. Slight colour differences from the original are possible. We reserve the right to make modifications or changes. You can find the technical properties of the shown materials on the websites of our manufacturers.

The individual groups comprise the following:

W.P.	White upholstery (upholstery covered with cotton batting, without a cover)
Fabric I	Rivet, Step, Step Melange
Fabric II	Field 2, Main Line Flax, Remix 3, Revive 1, ThonetMed®
Fabric III	Cento, Credo, Mood, Novum, ThonetTec®
Fabric IV	Divina Melange 3, Hallingdal 65, Nobel, Safire, Steelcut Trio 3
Leather II	Maharam

THONET MED®

The synthetic leather ThonetMed® skai® Parotega NF can barely be distinguished from real leather due to its natural look and feel. The colour range comprises 40 shades. The high-quality, low maintenance and robust synthetic leather complies with the B1 building material class for the highest requirements for non-combustibility and is ideally suited for public institutions, nursing homes, senior's homes and hospitals, fitness studios and physical therapy facilities. skai® Parotega NF is resistant to disinfectant, blood and urine.

Material: 85 % polyvinyl, 15 % cotton backing material
Abrasion resistance: 75.000 Martindale

Flammability rating: DIN 4102-1 (Part 1, B1); DIN EN13507-1B; s3,d0; DIN 66084 P-α; NF M1, AM 18; BS5852 IS-O+1+5; DIN EN1021-1+2; DIN 4102-1(B2); FMVSS 302, FAR25.853; ÖNORM B3825 highly flame-retardant (B1); ÖNORM3800-1 Q1; UNI 9175/87 (1.IM)

The fabrics shown are only a selection of colours from the collection. The printed colours approximate the colours of the materials and fabrics. Slight colour deviations from the original are possible. We reserve the right to make modifications or changes. You can find the technical properties of the shown materials on the websites of our manufacturers.

THONET

THONET TEC®

The PVC-free synthetic leather ThonetTec® skai® Pureto EN is especially soft and warm to the touch, which is reminiscent of calfskin. A palette with 12 subtle colours is available. Due to its excellent technical properties and low maintenance, it is perfectly suited for the trend-oriented office, hotel and gastronomy segments. The vegan synthetic leather is made of a highly robust water-based polyurethane material, does not contain solvents and is therefore an excellent choice for environmentally conscious users.

Material: 60 % polyurethane coating, 40% cotton/polyester backing material

Abrasion resistance: 100,000 Martindale

Flammability rating: EN 1021-1-2; FMVSS 302

The printed colours approximate the colours of the materials and fabrics. Slight colour differences from the original are possible. We reserve the right to make modifications or changes. You can find the technical properties of the shown materials on the websites of our manufacturers.
