At 3form[®], we believe in meaningful design. Our approach promotes craftsmanship, community, and sustainability, while respecting the environments where we work and live. Our portfolio of products ranges from simple materials to sophisticated solutions.

Full Circle

A Better Way

Our Full Circle® program combines contemporary design and technological innovation with handmade craft to create beautiful products for architectural spaces.

フルサークル

～より良い道～

私たちは、フルサークルプログラムを行っています。発展途上国の人々に安定した仕事を提供し、衰退した地場産業復活、地域の発展に貢献する為、ネパールやセネガルなどの職人と共に、それぞれの地域の特徴を生かした挟み込み原料を開発し、新しいデザインを創り出しています。

Full Circle マークのパネルには、関わった様々な国の人々のストーリーがあります。

Human Connection

Full Circle is about making meaningful, one-on-one connections.

We believe a worker's rights are human rights. Beyond product development, we identify specific needs where we can initiate improved living and working conditions for entire communities.

Meaningful Design

Artisans are the beginning and end of the products we make.

Our Full Circle designs are directly inspired by the cultural, rural, and urban creative contexts and the rich material ecosystems of the places our artisans come from.

Sustainable Design

Path to Zero

Our sustainability initiatives are collectively known as Path to Zero and include several directives designed to minimize our environmental footprint. Our focus includes aggressive recycling, reduced waste, carbon neutrality, and material transparency.

サステナブル デザイン

～ゼロへの道～

私たちの持続可能性への取り組みは、Path to Zero と呼ばれ、環境への影響を最小限に抑えるように設計されています。

私たちの焦点は、積極的なリサイクル、廃棄物の削減、カーボンニュートラル、そして使用材料の明確化です。

Material Transparency

With a growing focus on healthy buildings, we have been investing in creating Environmental Product Declarations (EPDs), and Health Product Declarations (HPDs), to offer an exceptional level of transparency and assurance to our customers.

Reduced Waste

Furthering 3form's successful zero-waste-to-landfill initiative, we are on a path to become a zero waste manufacturing facility. Our aggressive recycling, reduced waste creation, and innovative manufacturing support this goal.

Project Gallery

Seeing what our clients do with our materials makes it all worth it. The following pages are a small sample of some of the unique ways 3form® has been used around the world.

Materials

Our products range from translucent to opaque and from resins to resilient textiles. They answer the demand for adaptable, durable, sustainable, and modern materials in the market today.

Varia

A translucent, formable material made with 40% pre-consumer recycled content. Tailor your look by modifying color, texture, finish, pattern, and more. Varia is a go-to choice for walls, ceilings, partitions, and other design features.

ヴァリア PETG樹脂材

40%のリサイクルPET樹脂素材で作られた半透明で成形可能な素材です。豊富なデザイン、色、質感、そして優れた機能性が特徴的です。

壁、天井、仕切り、引戸、その他の演出備品に最適です。

優れた機能性

- ・ 燃焼しにくく、自己消火性があり、燃焼しても二酸化炭素と水のみが発生で有毒ガスを発生しません。
- ・ ひび割れ粉碎に強く、カット、穴あけ、曲げ・三次元加工などが容易です。
- ・ 重量はガラスの約半分、衝撃強度は約40倍です。
- ・ 静電気を帯びにくく、耐薬品性にも優れています。

Textiles: Deconstructed and Redefined

Textiles bring beauty and warmth to our world, whether in fashion or interior design. Structured yet flexible, knitted fabrics form unique patterns and colors with a rich textural feel.

Now, we take wovens in an entirely new direction, deconstructing the material to reveal the true nature of the weave. From the non-traditional tears of Snag to the layers of Cleo, this collection spans a wide range of looks for any space. Encapsulating our handsome textiles will forever preserve the delicate appeal of woven fibers within high-performance Varia or Glass

Shown in Vera Umbra

Textiles Bright & Refined

Open white spaces invite rich expressions of pattern and texture. A modernist mood prevails, with streaming light and tactile surfaces. From our collection of whites choose expressive graphics or delicately overlapping patterns that will fill your space with sophisticated touches.

Shown in Villa Prose

From unrestrained, distressed knits to refined layering, our curated collection of Textiles is a beautiful span of textural translucency. Each interlayer is designed and then laid up by hand in our factory to create the finished product in Varia.

Alchemy Revealed

Few dare to work with naturally rusted materials that are heavy and unfriendly to the touch. Yet rust has an enduring appeal when alchemy reveals its organic character. Our variations, Forge and Oxide, offer two very different looks drawn from real rusted steel. Forge highlights the weathering of the metal when distressed beyond rusting, with distinctive dark streaks and intense marbling. Oxide is a smoother expression with mottled reddish-brown hues and soft patterning. Each variation and panel is unique and will make a lasting impression in any space.

Metallics Fuse

Digital dot patterns are arrayed across high-resolution metallic screen prints and encapsulated in Varia, forming shifting cloud patterns. Lustrous and translucent, Fuse creates a contemporary, yet edgy look that brings a refined sophistication to any space.

Numerical percentages represent an approximation of relative light transmission values. Final opacity for all materials is dependent upon the combination of gauge, finish, and material choice. Adding color may impact minimum gauge requirements.

Finishes

A collection of finishes designed to enhance the appearance and performance of 3form® materials. In most cases finishes will be applied to the front and back surfaces of a material.

Sandstone F01
Varia, Chroma, Strutturata, Koda XT
 This durable finish offers a subtle diffusion effect and is the most in demand for *Varia* and *Strutturata*.

Patina F02
Varia, Chroma, Strutturata, Koda XT
 A non-glare finish with smooth appearance.

Patent F03
Varia, Chroma, Strutturata, Koda XT
 A high gloss finish with highest light transmittance.

Vellum F04
Varia, Chroma, Strutturata, Koda XT
 A brushed matte finish that adds a subtle texture to our materials, and our standard finish in *Chroma*.

Supermatte F05
Varia, Strutturata
 A frosted matte finish that assists in light diffusion.

Stucco F06
Varia, Chroma, Strutturata, Koda XT
 A durable finish with pebbled texture.

Velvet F07
Varia, Chroma, Strutturata
 Durable blurred finish with a crushed velvet appearance.

Grain F08
Varia, Chroma, Strutturata
 Refined organic detail in a translucent wood grain finish.

Grid F09
Varia, Chroma, Strutturata
 Fine, horizontal crosshatched lines create a subtle texture.

※お手入れ方法

シートをぬるま湯ですすぎ、柔らかい布やスポンジと低刺激性洗剤でほこりや汚れを取り除き、ぬるま湯で十分に洗い流してください。
水気を拭く際は、柔らかい湿った布をご使用ください。乾いた布でこすると素材を傷つけ、静電気を起こす恐れがあります。
スクレーパーなどの用具、研磨剤やガソリン、ベンゼン、アセトン、シンナーなどの有機溶剤や石油類はご使用にならないでください。

★加工について

- 3form製品（Glassシリーズは除く）は、木材や金属加工に使用される、丸のこ、バンドソー、サーベルソーで切断可能です。
- 工具のスピードは、製品が摩擦熱によって溶けない程度にしてください。
- 面取り、小口磨き、穴あけ、小口接着、留め継ぎ加工が可能です。

◎安全にご使用いただくために

- ・製品を加工する時には、よく手入れされた装置をご使用ください。
- ・製品加工時には保護メガネ、防塵マスクを着用して下さい。
